PLB550 Photo Board

This heavy-weight card board with a semiglossy surface is designed for presentations purposes and proofing applications in the agencies. It provides instant ink drying and very high image stability in combination with pigmented inks. PLB550 eliminates the need for complex printing on the appropriate cardboard boxes, as it is now possible to print directly onto the board.

Grammage: 550 g/m²
Thickness: 750 µ
Opacity: 100 %
Storage: 15-30°C (40-60% RH)
