

# Epson Stylus Pro 9890

Designed with the print needs of the commercial photography and fine art markets in mind, yet also representing a sound choice for the proofing market, the 44-inch Stylus Pro 9890 offers accurate colour reproduction with unbeatable productivity.

The wide colour gamut and consistently smooth gradations make for better-than-lab-quality photos and proofs. And the high colour-match rate and superior print quality come from the 8-colour UltraChrome K3 with Vivid Magenta ink. This ink set offers a superior level of greyscale reproduction, thanks to three densities of black. Either a standard photo or matte black (depending on the media) is used along with light black and light light black to create true black and white images. In addition to improving the grey balance and eliminating colour casts, this combination of blacks creates a smoother tonal range with a natural look.

The TFP print head gives superior dot quality for crisp, clear images with maximum detail. Photographers and proofers can also authenticate colours, thanks to the optional inline SpectroProofer. This provides automatic colour certification and calibration, as well as helping to create ICC profiles at speed.

Productivity is boosted thanks to print speeds of up to 40m<sup>2</sup> per hour, while effort spent changing cartridges is reduced with pre-installed photo and matte black ink. Blocked nozzles are a thing of the past as the Automatic Ink Droplet Detection System detects and fixes the problem without intervention. Other time-saving features include a built-in rotary knife to speed up throughput and a spindles supply reel to change paper rolls easily. Operators can also monitor their work with the 2.5-inch colour LCD screen.

## KEY FEATURES

- Wide colour gamut and smooth gradation
- Automatic colour certification and calibration for consistent colour matching
- Automated production with optional inline SpectroProofer
- Superior greyscale reproduction
- Print speeds of up to 40m<sup>2</sup> per hour
- ENERGY STAR<sup>®</sup> qualified

## PRODUCT SPECIFICATIONS

|                                      |   |
|--------------------------------------|---|
| <b>PRINT TECHNOLOGY</b>              |   |
| Printing method                      | Epson Micro Piezo advanced TFP printhead  |
| Nozzle configuration                 | 360 nozzles / 8 channels  |
| Minimum ink droplet volume           | 3.5pl with Variable-size Droplet Technology   |
| <b>PRINT RESOLUTION</b>              |   |
|                                      | 2880 x 1440dpi  |

Epson Stylus Pro 9890

## WHAT'S IN THE BOX

- Epson Stylus Pro 9890
- 9 x 110ml starter ink cartridges
- Power cable
- Software CD
- Set-up guide
- Sample media
- Warranty documents

## INK CARTRIDGES

The Epson Stylus Pro 9890 is supplied with 110ml starter cartridges

- Photo Black
- Cyan
- Vivid Magenta
- Yellow
- Light Cyan
- Vivid Light Magenta
- Light Black
- Matte Black
- Light Light Black

Cartridge sizes: 350ml and 700ml;  
Maintenance tank small (C12C890191)
