Why choose Painter 2021?

Natural-Media™ that replicates reality

Immerse yourself in an enormous selection of professional Natural-Media™ brushes including, thick, wet, dry and blending media that looks and feels just like the real thing.

Exclusive digital art brushes

Create unforgettable art with Painter's proprietary media, Particles that spring, flow and glow, Pattern Pens that make an unforgettable mark and extruding Thick Texture.

Intelligent photo-painting tools

Clone your images by dipping your brush directly into the photo or use artificial intelligence and the Auto-Painting palette to rapidly transform images for you.

Incomparable composition

Paint in perfect symmetry and perspective using built-in composition tools such as Mirror painting, Kaleidoscope, Divine Proportion, Rule of Thirds and Perspective Guides.

Intuitive workspace

Create your own custom brushes, palettes and workspace layout, or import custom content from others that exponentially speeds up your artistic workflow.

Extensive compatibility

Open and save to .PSD. Enjoy using multi-touch or a drawing tablet with stylus tilt, rotation, bearing & pressure control plus paint on a Mac or a Windows system.

Who's it for? Professional Artists!

Concept Artists

Take advantage of Painter's versatility to quickly develop concepts for films, games and manufacturing and create environments, creatures and vehicles that inspire.

Illustrators

Bring ideas to life for published materials, fashion design and fantasy art using the most diverse digital art studio needed to execute visions on canvas.

Photo Artists

Use powerful AI Styles, Auto-Painting and Cloning tools to masterfully paint photos and produce stunning keepsakes and sellable works of photo art.

Fine Artists

The mixture of realistic natural media and unique Painter artistic tools offer the freedom to create amazing end results no matter what the subject matter.

Impressive new features

NEW Performance optimization

Run the intuitive Brush Accelerator™, which makes the most of your computer's hardware and graphics card, to deliver the best possible painting experience. Work faster with double the number of GPU accelerated brush technologies, optimized drip and liquid brush technologies, and quicker brush and tool switching.

NEW Thick Paint brushes and workflow options

Enjoy enhanced Thick Paint brushes and a NEW Thick Paint-compatible brush category that takes full advantage of the depth, lighting and shadows of piled paint.

NEW Artificial Intelligence style transfer

Choose from 12 AI Styles that easily transfer to your image. Use the presets or adjust the style strength, detail, color match and smoothing to fine-tune the end result.

NEW Cloning workflow

Easily access the top Photo Art panels from the property bar for quick adjustments and take advantage of new color tinting of a source including images, textures and patterns.

ENHANCED Layer control

Choose to paint on any layer type right from the New Image dialog plus take advantage of *many* other user requested layer improvements.

NEW Platform support

Use Sidecar on macOS Catalina to mirror your Mac on an iPad and paint using the Apple Pencil with new tilt support. On MacBook Pro and iPad, increase efficiency with new support for the context sensitive Touch Bar and multi-touch Trackpad on MacBook Pro. Windows users will benefit from the new auto-launch after install.

Competitive Advantages of Painter 2021
